Overseas Activities for the Academic Year 2024-25 (Enrollment)

Dear Parents and Guardians,

The individual subject groups and committees of our school are organizing various overseas activities with the aim of providing students a rare opportunity to learn and explore in a cross-cultural environment. These activities will allow students to discover different cultures and histories, broaden their international perspectives, and enhance their understanding and respect for diverse cultures. Additionally, we will offer enriching learning experiences where students can deeply engage with the destination's history, art, and natural landscapes through interactive experiences. Most importantly, this will be an opportunity to promote student-driven learning, fostering personal growth and development.

Please provide the following information to indicate your interest in participating the overseas learning trips. Please note that due to limited quotas and resources, if a student receives confirmation from more than one learning trip group, **the student can only receive school funding once; any additional confirmations will require full payment.** Kindly select your preferred trips below.

This is an enrollment form. No fees are required at this stage. Payment and documentation instructions will be provided upon receipt of a confirmation letter from the teacher-in-charge.

Please complete the following reply slip and return to your class teacher by 18th October, 2024.

We hope that your child can broaden their horizons through the study tours mentioned below. For inquiries, please feel free to contact the teacher-in-charge at 2551 8285.

Yours faithfully,

Mr. LI Tak-fai, Stephen
Principal
