Elementary Chinese

- Learning Chinese is considered as one of the major steps to help non-Chinese speaking students integrate in the society, continue further studies and start their career in Hong Kong.
- **Tailor-made Chinese Language Program for students learning Chinese as a Second Language.**
- Stimulate students' interest in learning Chinese by exposing them to Chinese traditional and modern cultures.

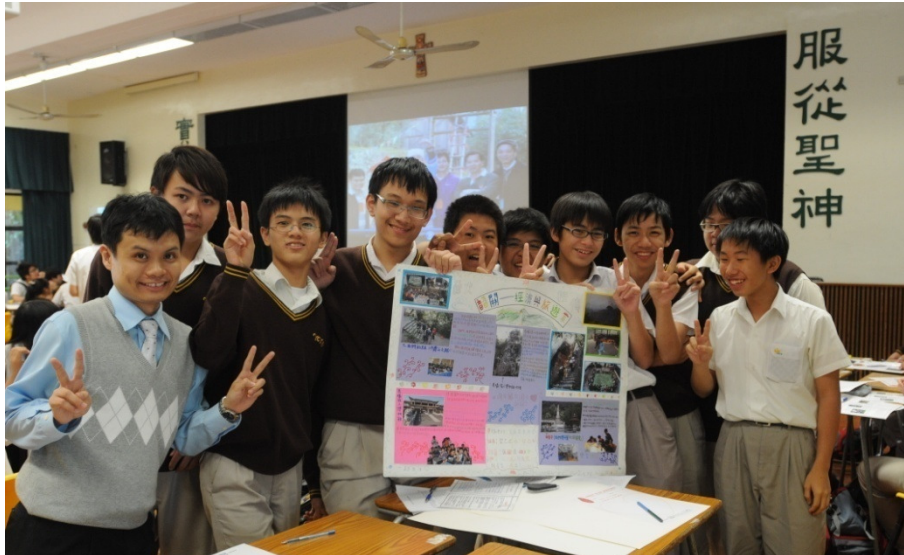

Streaming 分流教學

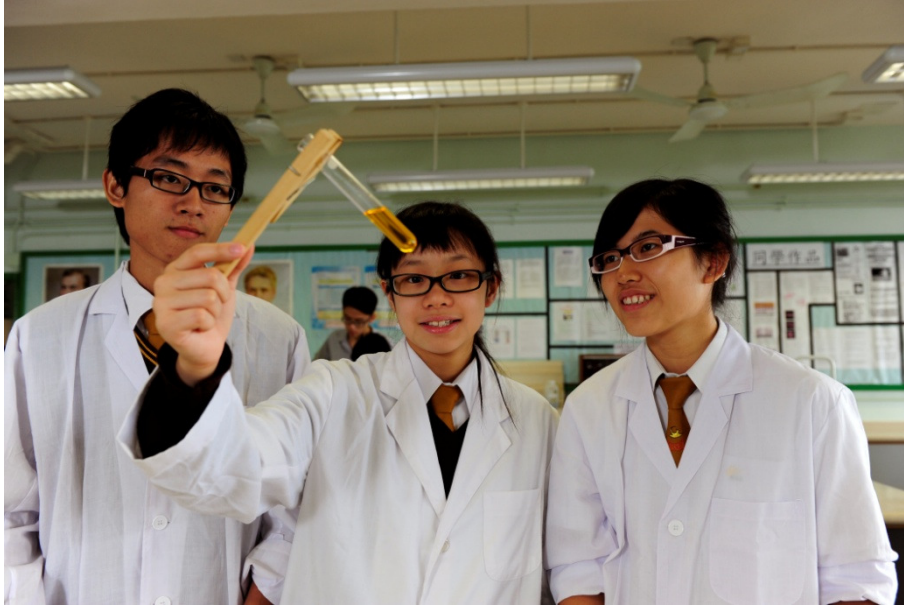

Our Curriculum 課程

- Our School-based Internationalized Curriculum is organized according to the guidelines given by the Curriculum and Development Institute of the HKSAR, with some degree of flexibility for school-based curricula based on the learning needs of students.
- National Curriculum of Singapore, Australia and England are referenced.

Our Curriculum 課程

- Our Senior Secondary Curriculum leads to the Hong Kong Diploma of Secondary Education Examinations, which will allow students to matriculate into publicly-funded universities in Hong Kong such as HKU, CUHK and HKUST.
- Students are provided with the opportunity to study a range of IGCSE/GCE subjects, and thus obtain additional international qualifications. They may choose to take the IGCSE, GCE or HKDSE exams.
